

DHANANJAY GOYAL

Full Stack Developer

+91 7089475411 | 1406dhananjay@gmail.com | www.linkedin.com/in/dhananjaygoyal

Key Projects

RESUME FILTER | Advanced JavaScript | DOM Manipulation | Fetch API | Async.. Await

[GitHub](#)

- Engineered an application streamlining resume screening through dynamic search capabilities.
- Impact** : Improved by 40% , the resume screening time, with the usage of API and DOM manipulation.

SHOPPING CART | React JS | CSS | Debugging

[GitHub](#)

- Created an interactive shopping cart employing React JS and crafted CSS.
- Impact** : Implemented a secure login form, restricting cart access to authorized personnel by 96% accuracy.
- Engineered a seamless product manipulation experience, allowing for easy addition and removal of items.

EMPLOYEE MANAGEMENT SYSTEM | Spring | RESTful| Mapping | Hibernate | Spring Security | Java

[GitHub](#)

- Implemented efficient CRUD operations (Create, Read, Update, Delete) and provided protection with Spring Security.
- Impact** : Improved data accuracy by 25% and optimized database queries for faster load times.

REACT PORTFOLIO | React | Animate.css | 3D CSS | API | CSS | HTML | Postman

[Live Project](#)

- Streamlined portfolio site by integrating all major projects through the creation of reusable components.
- Impact** : Achieved 98% success rate on integration of an efficient contact form using EmailUS API and React.

TEAM COMMUNICATION ARCHITECTURE | My SQL | Amazon Linux 2 | VPC | Subnet | NAT Gateway

- Designed and implemented a team communication architecture using MySQL, VPC, Subnet, and NAT Gateway.
- Developed a secure and scalable team communication solution that meets the compliance requirements of the organization.

Coding Profile

- Academic portfolio : eportfolio.mygreatlearning.com/dhananjay-goyal
- GitHub : github.com/DhananjayGoyalGL
- Personal Portfolio : <https://aquamarine-hotteok-af3024.netlify.app>
- Leetcode : <http://leetcode.com/Dhananjay Goyal>

Technical Skills

- Frontend - React.js | HTML | CSS | Javascript | Angular | TypeScript | Git | GitHub
- Database - MySQL | DBMS | MongoDB | Node.js | SQL | AWS | Azure | Cloud | Rest API
- Language - Java | Data structures and algorithms | Object Oriented Programming concepts | Agile Development

Education

Full Stack Software Development	<u>Great Learning - IIT Roorkee</u>	Remote	08/2022 - 09/2023 CGPA : 9.6
Master Of Business Administration	<u>Gyanodaya</u>	Neemuch, M.P	01/2017 - 02/2019 CGPA: 6.6

Certificates

Frontend Web Development	Great Learning	Certificate
Software Engineering Lite Virtual	JP Morgan Chase via Forage	Certificate
React.js Essentials Bootcamp	Let's Upgrade	Certificate
Alpha (DSA with Java)	Apna College	In Process

Professional Experience

Quality Analyst	<u>Arcgate</u>	Udaipur, Rajasthan	05/2021 -10/2022
Research Analyst	<u>Arcgate</u>	Udaipur, Rajasthan	04/2019 -05/2021

Achievements

- Achieved 91% in Software Development Gradebook by Great Learning and received certificate of appreciation for backend.
- Solved 130+ quality problems on coding platforms like Leetcode with a high acceptance rate.
